Professional Summary

Computer Science senior student seeking a Co-op training opportunity, primarily in Data Analysis & BI and alternatively IT Support and Open to other CS-related roles. Developing Excel and Power BI skills for practical industry experience.

Education

Umm Al-Qura University

Bachelor of Science in Computer Science. GPA: 3.38/4.00

Additional Academic Focus: Human-Computer Interaction (HCI)

Makkah, Saudi Arabia

Expected Graduation: 2026

Skills

- Data & BI: Excel, Power BI (Basic), SQL (Oracle/MySQL)
- Databases: Database Design (ERD, Normalization)
- Development: Python, R, Java
- UI/UX: Figma, HCI basics
- Languages: Arabic (Native), English (Intermediate)

Interests

- Data Analytics, IT Support, UI/UX

Academic Projects

TripMate Platform — Web Platform Connecting Tourists with Local Guides (BSc Capstone)

- Built a role-based platform with admin moderation and bilingual Arabic/English (RTL) support.
- Implemented guide search/filtering and a reviews/ratings system; designed a normalized MySQL schema.

Smart Arabic Handwritten OCR + Text Correction (LLMs)

- Built a Flask pipeline using Qwen2.5-VL (OCR) and ALLaM-7B (Arabic proofreading) via prompt engineering.
- Evaluated on test samples: OCR accuracy 84.35%, correction accuracy 95.40%.

PointTrack — Student Club Event Points Management System

Java, JavaFX, MySQL, JDBC, SQL

- Built a JavaFX desktop app with role-based login and CRUD workflows backed by MySQL (JDBC).
- Displayed participants/points using JOIN queries; used prepared statements and a relational schema with FKs.

Certifications & Training

- Modelling in Power BI — 07 Feb 2026
- Sales Dashboard in Microsoft Power BI — 07 Feb 2026
- Power BI DashBoard — 07 Feb 2026
- Introduction to Power BI — 07 Feb 2026
- Data Science 101: What is Data Science? — 06 Feb 2026
- Fundamentals of Artificial Intelligence — SDAIA 2025
- AI Concepts and Advanced Applications — SDAIA 2025
- Introduction to Generative AI — 06 Feb 2026
- Julia Programming Language Training — Umm Al-Qura University (2024)
